

EFDA Information

At The Dental Comfort Zone, PC we employ the use of Expanded Function Dental Assistants (EFDA). The EFDA has additional training and is permitted to place fillings into teeth that have been prepared by the dentist. An EFDA is also permitted to polish teeth for children under the age of eighteen, apply fluoride, and take impressions for athletic mouth guards. All of the dental assistants at The Dental Comfort Zone, PC are highly trained and will perform additional duties such as taking dental impressions and making temporary crowns and bridges. The Dental Comfort Zone is dedicated to providing high quality dental care in a comfortable environment. Please feel free to ask the dentist if you have any questions about the training of our expanded function dental assistants, chair side dental assistants, or any other member of The Dental Comfort Zone team. By signing below, I am acknowledging that I understand and accept the role of the expanded function dental assistants employed by The Dental Comfort Zone, PC.
